PROFESSIONAL TRAINING FACTS 2005
Learning at the Workplace to Strengthen the Performance of Companies

7th of December, 2005, 9:30 – 17:00
Stuttgart, Germany

the conference will be organised by the Fraunhofer Institute for Industrial Engineering IAO

in partnership with
The PROLEARN Network Of Excellence in professional learning

The international industry focussed conference will provide an unique opportunity to showcase and exchange knowledge and insights about professional learning in companies on an international level. The main scope is to give answers how the process of workplace learning can be developed to strengthen companies performance for individuals and teams. There will be a range of topics including:

- Qualification for innovation
- Industry Requirements and challenges
- Upcoming ICT solutions
- Process-oriented learning and information exchange
- Fit for excellence in professional training
- Future of E-learning
- Networks in professional training
- Train2performance

Target groups: Innovative companies, intermediary organizations, providers of solutions in professional learning, (applied) research institutes

The conference language English and German (in different tracks)

General conference chair Prof. Dr.-Ing. Dieter Spath, Fraunhofer Institute IAO, Stuttgart, Germany
